Parent Council
The function of the Parent Council at the UCSB Children's Centers is to support the Center's mission of providing quality child care for students, staff, faculty and community families. A sense of community is fostered through monthly Parent Council meetings which provide parents the opportunity to communicate with Center staff and give feedback on Center policies and procedures.

Community-building events include parent education meetings, social events, enrichment activities and yearly fund raising projects. All parents of enrolled children are automatically members of the Parent Council and are encouraged to participate in the Center activities and attend meetings.

What Parent Council Programs Mean to Parents
“The reason I chose to become involved in the Parent Council is to connect with other parents who share a variety of values, perspectives and ideas on raising children. I wanted to be involved in my daughter's care at the Children's Center and it has been nothing but wonderful, enlightened and fun!”
Staff Parent

“When you give your time and energy to the Children's Center you get back what you give.”
Community Parent

“The Enrichment Program provides opportunities for my child that I could not do on my own.”
